

#### Introduction

LEDIGAMI LED Video Screen Mesh LED is an excellent product to be used for outdoor applications. Mesh LED can usually be seen as lightings for buildings, facades, and various arrangement as LED display and decorative lighting. Mesh LED is high brightness, low power consumption, strong weather resistance and flexible for all kinds of installation. Mesh LED can be seen in parties, stage shows and as festive decorations.

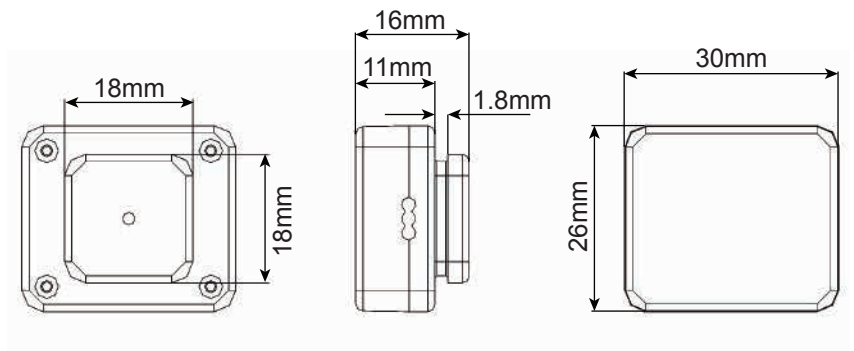

#### Features

- ◆ Power : 1W/ pixel
- ◆ CCT : RGB
- ◆ Beam angle : 120°
- ◆ IP rating : IP66
- ◆ Pixel pitch : 40mm, 55mm, 80mm, 100mm, 110mm & 160mm
- ◆ Control System : DVI
- ◆ Version : Square
- ◆ High brightness
- ◆ Cost effective

#### Certificates

- ◆ CE
- ◆ RoHS

Tolerance for dimension =  $\pm 2\text{mm}$

#### Product Specifications

Product Name		BB-Ax1-VT-ABNAF5
Picture/ display	Brightness	10cd/ pixel
	LED type	SMD
	Beam angle	120°
	Gray scale	12 bits
	Refresh rate	≥1000Hz
	Color	RGB
Environmental	Operating temperature	-40°C to +45°C
	Operating humidity range	0% - 90% RH
	Ingress protection	LED Pixels Control Box
	LED lifetime	IP66 IP54 50,000 hrs
Power	Mains input	12VDC
	Power consumption maximum	1W
Physical	Cover	Plastic
	Dot Size	30 x 26 x 16mm
	Dot Weight	<16gm/ pixel
	Pixel Pitch	40mm/ 55mm/ 80mm/ 100mm/ 110mm/ 160mm
Control	Control system	DVI

\* Options :

x = Pixel Pitch

7= 40mm, 2= 55mm, 3= 80mm, 4= 100mm, 5= 110mm, 6= 160mm

y = Control System

A= DMX512, B= DVI

\*\* All specifications are subjected to change without notice.
